

## **Cornelius PARC Department**

### **Athletic Facility Reservation Policy**

#### **Purpose:**

This document lists the procedures that individuals, organizations, or other groups can follow to reserve athletic facilities through the Cornelius PARC Department (PARC). The intent of the procedures listed herein is to maximize the use of Cornelius PARC resources in a manner that is fair, equitable, and consistent with the mission of Cornelius PARC while balancing facility use to foster ideal field conditions.

#### **Reservation Process**

#### **Overview:**

The Town of Cornelius manages fifteen baseball/softball fields, eight multi-purpose fields of various sizes, seven tennis courts, one sand volleyball court, one gaga pit, three full-size outdoor basketball courts, and one outdoor running track that are open to the public unless otherwise reserved or closed by Cornelius PARC. These facilities can be reserved year-round under the condition that any private reservation does not conflict with any PARC programming, partnered organization, or tournament activity.

#### **Procedures For Reserving Athletic Facilities:**

- All requests must be submitted via the proper documentation to the Athletic Program Manager or Recreation Program Assistant.
- A Facility Reservation Request Form and Facility Use Agreement must be completed and submitted to the appropriate PARC staff in order for a request to be considered. Forms must be filled out completely and signed by the reserving party. Documents are available online at [cornelius.org/117/Rental-Information](http://cornelius.org/117/Rental-Information) or in our PARC office.
- Reservations approved by Cornelius PARC must be paid in full before any reservation is confirmed or proof of reservation is provided.
- Cornelius PARC accepts all major credit cards, cash and check for facility reservations. To enhance the payment process for reservations, the customer may create a Rec 1 account for an individual or organization. Credit card information may be optionally stored at the customer's discretion.

### **Facility Use Priority Rankings:**

The following list identifies the order in which priority is given for athletic facility reservation requests:

- Cornelius PARC programming, sponsored programs
- Designated partnerships
- Historical user group in good standing
- New organization to Cornelius PARC facilities

Historical user groups are generally defined as a resident group or organization using approximately the same date/time and location of fields for two years, or at least four consecutive seasons.

In addition to Facility Use Priority Rankings, facility scheduling and allocation will generally follow the criteria below:

- Reservations serving a higher percentage of Cornelius residents may be given priority over reservations that serve a lower number of residents
- Programs which do not duplicate Cornelius PARC or partnered organization programs already in place
- Feasibility of use compared with size of space requested is considered
- Cornelius PARC mission and vision.

**General Guidelines and Cancellations:**

- All facility reservations will be accepted and/or confirmed at the discretion of Cornelius PARC.
- All reservations must follow the Cornelius PARC Facility Use Agreement policies and procedures.
- All facility users must abide by town, state and federal laws and regulations applicable to the use of all fields.
- All facility users must agree to hold harmless and indemnify the Town of Cornelius and all officials, officers, employees or agents with respect to injury or any damage to property.
- Cornelius PARC does not paint/line multi-purpose fields, though user groups may submit a written request seeking to line fields themselves, using temporary paint only. User groups may only line fields after receiving written authorization from PARC to do so.
- Tennis court lighting is available and can be turned on at the tennis courts, no other outdoor courts have lighting.
- Subleasing athletic facilities is prohibited.
- Reservations that are cancelled or closed by Cornelius PARC due to weather or any other means can be rescheduled for a later date based on availability, credited to a future reservation based on availability, or refunded in accordance with the refund procedures.
- Facility reservations cancelled by user groups must be communicated to Cornelius PARC. Refunds will be given based on the following procedure: cancellations more than two (2) weeks out receive a 90% refund, cancellations more than one (1) week out receive a 50% refund, and any cancellations less than one (1) week out will not receive any refund. Full refunds will be given in the case of inclement weather at Cornelius PARC discretion.
- Cornelius PARC's weather hotline is (704) 896-2460 ext 290. Field conditions and facility closings will be updated on the weather hotline and online at [cornelius.org/433/Field-Conditions](http://cornelius.org/433/Field-Conditions) by 4:00 pm, Monday – Friday, except for holidays. - The Town of Cornelius PARC Department does not discriminate against any person based on age, sex, race, color, creed, religion, sexual orientation, political affiliation, or national origin in the operation, conduct, or administration of community recreation programs or its facilities. Third parties who receive a permit from the town to operate, conduct, administer or offer a community recreation program, activity or service are held to these same standards

**Field Closure Criteria:**

Cancellations or field closures due to inclement weather will be determined by Cornelius PARC using the following criteria:

- There is standing water within the base paths, pitching rubber area, or catcher's area
- Feet slippage while walking through the grass or baseball infield
- Standing water within the majority of a single playing position in the outfield, or around goal areas
- Footprints fill with water while walking through the infield or grass area
- Grass can be easily dislodged from the fields during play.

If it has rained within the preceding 24 hours, or may rain within the time frame of your reservation, groups scheduled to use PARC fields may call the PARC Weather Hotline at: (704) 896-2460 ext 290. The hotline is designed to relay same-day information regarding field closures and playability. The hotline message will be updated by 4:00 pm Monday-Friday and by 8:00 am Saturday and Sunday. Groups may also check the PARC website's field conditions page ([cornelius.org/433/Field-Conditions](http://cornelius.org/433/Field-Conditions)) for a detailed list of field closures however, the website will not be updated on weekends or holidays. PARC personnel will make determination of field conditions/closures, and the decisions are final.

Due to the variability of field conditions, fields will be assessed individually, and PARC staff may keep some fields open while other fields may be closed.

Contracted hours will not be counted towards the partner organization's total for any reservation being cancelled due to inclement weather. Non-partner organizations may choose to reschedule based on field availability, or receive credit for their reservation fee, for any reservations cancelled due to inclement weather.

In the event that the hotline has not been updated or is unavailable, or inclement weather occurs just prior to a field reservation time, user groups are expected to employ the playability criteria used by PARC staff and take into consideration the safety of the participants and future quality of the facility.
